

## DEPARTMENT OF THE AIR FORCE

HEADQUARTERS 19TH AIRLIFT WING (AMC)  
LITTLE ROCK AIR FORCE BASE, ARKANSAS

8 Mar 2017

Dear Beneficiaries,

Attached you will find the list of medications currently available from the Little Rock AFB pharmacy. Our formulary is structured to provide the broadest possible array of medications within the constraints of our budget and DoD policy. Please note that our formulary can change as often as every three months. This document is accessible online in the Pharmacy section of the 19th Medical Group's website at <http://www.airforcemedicine.af.mil/MTF/Little-Rock/Fill-and-Manage-Prescriptions/>

Medications identified with the letters "BCF" indicate Basic Core Formulary medications that are available at all Department of Defense Military Treatment Facilities, allowing for continuity of care between facilities. Some medications are considered "**Preferred Agents**" and should be tried before selecting another drug in the same class, while others have quantity limits or restrictions associated with them (refer to the notes column for specific information). We can dispense up to a 90-day supply of most maintenance medications, including ADHD treatments. Some medications are restricted to a 30-day supply (i.e., controlled substances). Please ask your prescriber to write for a 90-day supply with refills for one year (for maintenance medications).

Pharmacy hours of operation are 0730-1630 hours. We process off base prescriptions up until 1600 hours. **All hard copy prescriptions for C-II controlled substances must be hand signed by your provider;** we will not accept electronic signatures or stamped prescriptions for these items. Most prescriptions expire one year from the date written by the provider, but those for controlled substances expire six months from the date written. Please refer to the information sheet on the following page for faxed prescription requirements on page. Also, please note **we do not accept phone-in prescriptions from providers.**

Additionally, in order to better serve our patients, the pharmacy has a **mandatory call-in refill** policy. The automated refill line is available 24 hours a day at (501) 987-7457 or toll free at 1-877-329-5762. Alternatively, refills may be requested using the TRICARE Online website <https://www.tricareonline.com/portal/page/portal/TricareOnline/Portal>. In order to verify eligibility for care and as a patient safety measure, a military ID card is required to pick up prescriptions. **If you are picking up prescriptions on behalf of another patient 18 years of age or older, you must have the patient's military ID card (or a front & back photocopy).**

Your safety is our priority! We strive to process all prescriptions as quickly, but safely as possible. Please ask for the Patient Advocate, TSgt Natasha Johnson-Cook if you have any concerns regarding customer service. If you have questions about our formulary medications or policies please contact a pharmacy staff member at (501) 987-7446.
