

What is a sUAS?

A sUAS is a Small Unmanned Aerial System. Often referred to as a drone or Unmanned Aerial Vehicle (UAV), sUAS are any remotely piloted system that is smaller than a traditional aircraft. sUAS are used for military and civilian purposes, and pose a significant threat to Force Protection, Military Airfields, and Civilian Airfields. **LRAFB is a strict “NO DRONE ZONE” and all residents/employees are prohibited from operating drones on the installation.**

19th Security Forces Squadron

19 SFS HQ Building:
Bldg. 481

C-sUAS / Reports and Analysis:
First Floor, Bldg. 481

Emergencies, dial: **911**
BDOC/LE Desk: **501-987-3221**
BDOC DSN: **731-3221**

If you see a sUAS over LRAFB, contact the **19 SFS BDOC at x3221** immediately.

Little Rock AFB, AR

COUNTER- SMALL UNMANNED AERIAL SYSTEMS (C-sUAS)

INCIDENT RESPONSE & REPORTING GUIDE

Security Forces Squadron
S5 (Plans/Programs), C-sUAS

DIRECT

Visually scan the area for sUAS and the Operator. Often times sUAS can be heard before they are seen. **DIRECT your attention to look for moving/flashing lights, glint/glare from the reflective surfaces, and aerial objects that do not follow the flight paths of birds or planes.** Listen for the “whir” of fan blades.

REPORT

If you see a sUAS over Little Rock AFB, especially inside the perimeter fence, **REPORT it to the SFS BDOC as x 3221 immediately.** Be sure to relay the location of the sUAS and your location. Remember to keep watching the sUAS or report if and where it falls out of view. If the sUAS is observed off base in a restricted zone, contact **Jacksonville Police Department (JPD) at 501-982-3191**, or the local PD.

OBSERVE

After you call in the possible sUAS, **OBSERVE the sUAS.** Relay the following information to a SF Defender over the phone or when they arrive at your location:

- Location: _____
- Direction of travel: _____
- Behavior of sUAS: _____

NOTICE

NOTICE the following information about the sUAS (be as detailed as possible):

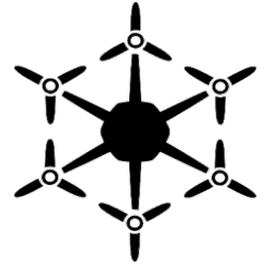

- Type: _____
- Size (Diameter): _____
- Features: _____
- _____
- Color: _____
- _____
- Lights: _____
- _____
- Camera: _____
- _____
- # of Propellers/Props: _____

EXECUTE

At LRAFB, the 19 SFS is responsible for the engagement of sUAS that pose a threat to the installation’s missions and personnel. **DO NOT attempt to eliminate a sUAS by yourself. NEVER approach or touch a downed sUAS on the installation,** report downed sUAS to the SFS BDOC immediately with an accurate description and location.
