Notes:

- Gate hours are always subject to change at the direction of the on-duty Flight Chief and/or Defense Force Commander. Please monitor information outlets for the most accurate information.
 - CVIS Hours are M-F, 0700-1100, starting on 10 Nov 25. LRAFB has commercial vehicle search capabilities outside that window but expect significant delays.
- When Arnold Gate is closed, it will shut at 2200 (or the time listed above) the day prior, and open at 0500 the day after. Weekends aligned to/touching pass days/holidays will mirror the pass day hours.
- When the VCC is closed, Vandenberg can write emergency passes but expect significant delays. Routine passes should be retrieved when the VCC is open.
- Gate hours for dates not listed are in accordance with standard days/hours as published on the Little Rock AFB Website. (<https://www.littlerock.af.mil/Home/Base-Access/>)
